

Adding Peace of Mind To Asset Retirement

FOR IMMEDIATE RELEASE

LifeSpan Technology Recycling Hires Senior QEH&S Executive

August 30, 2010; Newton, Massachusetts– LifeSpan Technology Recycling (LifeSpan) announced today that it has hired Paula Ross as Quality, Environmental, Health & Safety (“QEHS”) Manager. Ms. Ross will be responsible for overseeing all aspects of LifeSpan’s QEHS Management System, as well as ensuring compliance with EPA, OSHA, and other applicable regulatory requirements. She possesses over twenty years of experience in the areas of Environmental Regulation and Compliance, Safety, and Industrial Hygiene. In addition, her tenure spans multiple organizations, including – Gambro BCT, the Colorado Department of Public Health and Environment, the National Renewable Energy Laboratory, and Morrison-Knudsen Corporation. Ms. Ross’ past responsibilities have included providing course instruction for EPA-certified training programs, contributing to the drafting and implementation of environmental regulations, and conducting field audits in accordance with the FDA Quality Management, ISO 14001, 13485, and OSHAS 18001. She is a graduate of Colorado State University with a BS in Environmental Health.

“We are extremely pleased by the addition of Paula to the LifeSpan team”, commented President Dag Adamson. “She brings a wealth of both private and public sector experience that will further bolster our commitment to excellence in all aspects of Quality, Environmental, Health & Safety. Paula will lead our current initiative to achieve RIOS, R2, and ISO 14001 certification, which we expect to complete by the end of the third quarter of this year.”
